Need Help Paying Your Water Bill?

St. Louis Park, Minn. - Community Action Partnership of Hennepin County (CAP-HC) is collaborating with the Minneapolis Water Department to offer additional housing stability through the Water Bill Program. The Water Bill Program allows payments to be made towards outstanding utility bills for Minneapolis residents whose income does not exceed 200% of the Federal Poverty Level (see chart below). Water and sewer utility bills, which are not payable through the Energy Assistance Program—are paid when the amount owed threatens housing stability. Housing stability is deemed threatened either by disconnection of those utilities, which could lead to eviction, or through attachment of a lien on the homeowners property, which could result in foreclosure.
