

CORONAVIRUS - COVID-19

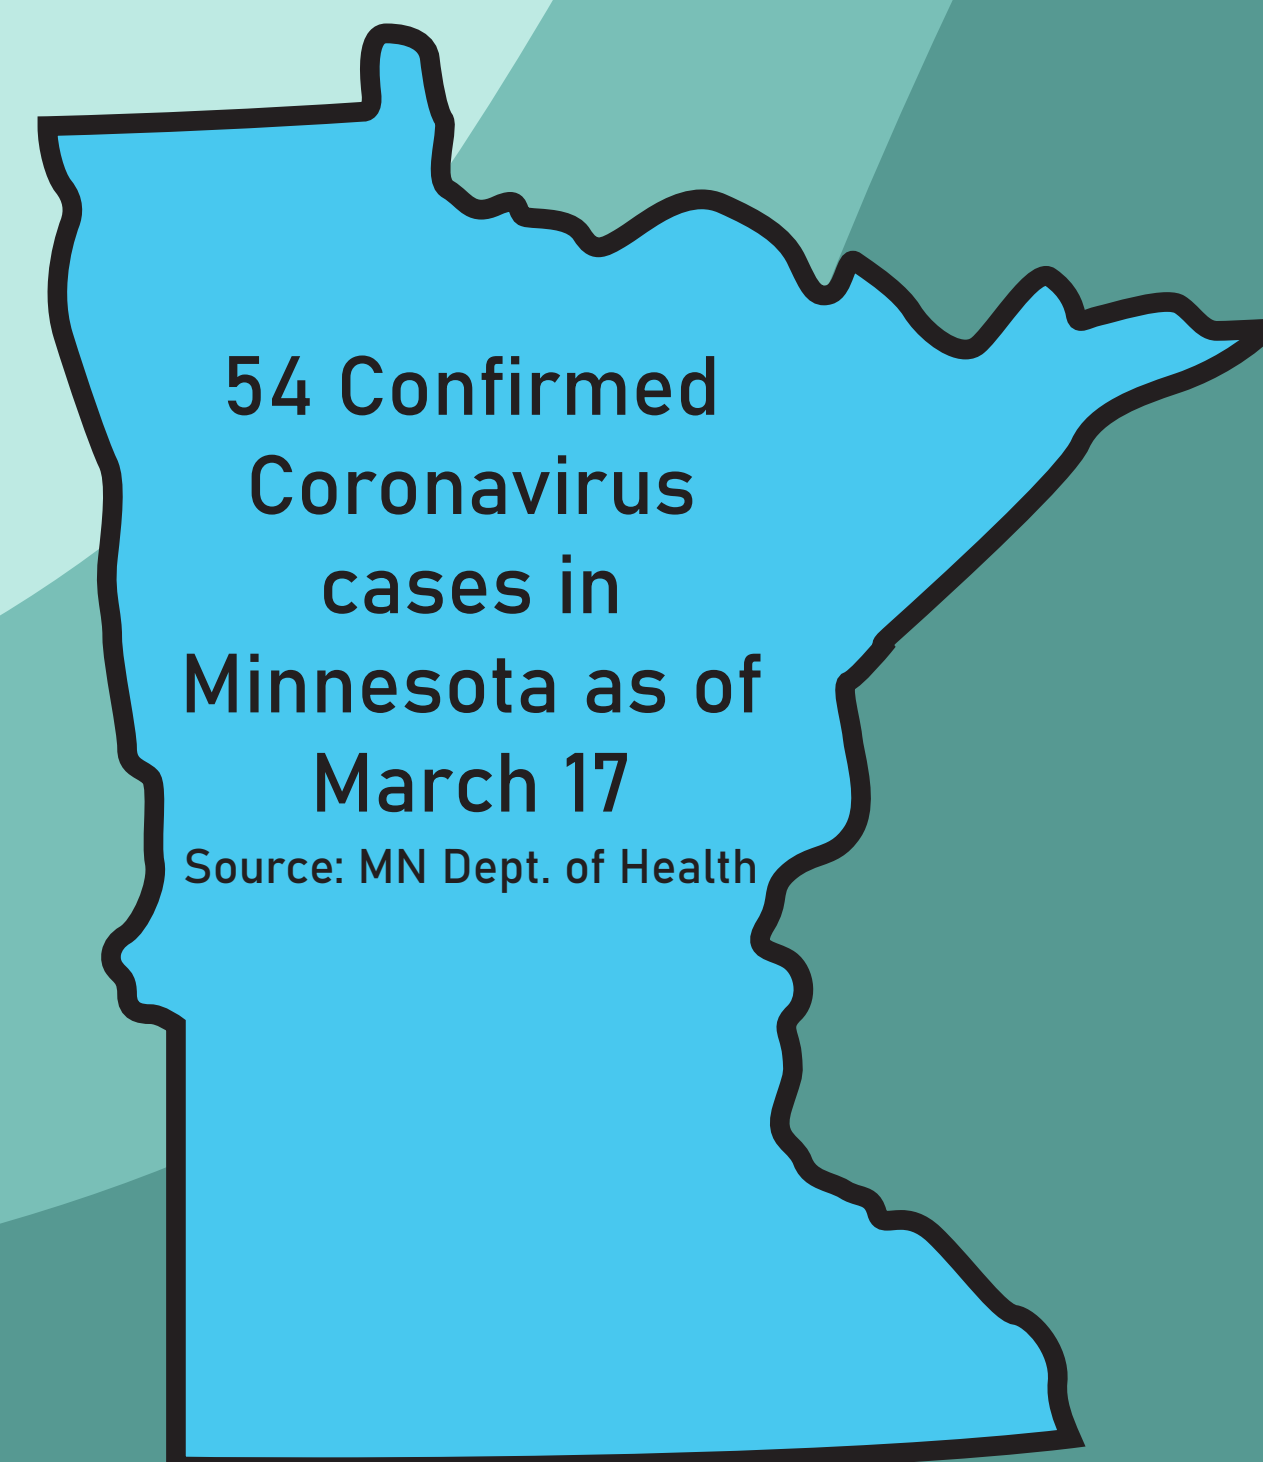

Community Action Partnership of Hennepin County (CAP-HC) has formulated a Coronavirus (COVID-19) Employee Response Plan that includes dissemination of preventive information and measures for an agency outbreak. For now, we are in lock step with the Centers for Disease and Prevention (CDC) and the Minnesota Department of Health's (MDH) best safety practices against this dangerous virus. This includes our staff, board, and those we serve.
